

Association Test (WEAT)

The screenshot shows a Jupyter Notebook window titled "Copy of GenAI EX2.ipynb". The interface includes a top bar with "File", "Edit", "View", "Insert", "Runtime", "Tools", and "Help" menus. Below the menu bar is a toolbar with icons for "Commands", "Code", "Text", and "Run all". The main area contains a code cell with the following Python code:

```
print('Career-related words are more associated with male terms.')  
print("Are significant gender bias detected?")
```

The output of the code cell is displayed below the code:

```
